 [kwuna_](https://www.instagram.com/kwuna_)

ADDRESS FROM THE NATIONAL PRESIDENT OKWAHU UNITED OF NORTH AMERICA

Today, we gather under the inspiring theme “**Sowing a Seed of Change, Growing a Brighter Tomorrow.**” This theme is not just a collection of words; it is a vision, a call to action, and a testament to what we can achieve when we come together for the good of our people.

Every great transformation begins with a seed which is an intentional act planted with hope, watered with dedication, and nurtured with love. In Kwahu State, we are witnessing the fruits of such seeds; seeds sown through education, healthcare, and the fight against poverty.

First, we see it in **our commitment to education.** By helping students with scholarships, by supplying essential school materials to those in need, and by supporting educational programs, we are giving our children the tools to dream bigger, aim higher, and reach further. These investments are not expenses; they are seeds that will grow into the next generation of leaders, innovators, and change-makers.

Second, our **Adopt-a-Village Program** stands as a shining example of how strategic development can transform communities. Through this initiative, Kwahu citizens at home and abroad have joined hands to improve infrastructure, uplift standards of living, and empower communities to break the cycle of poverty.

Let me share a few powerful examples of the seeds we have planted together:

- **The construction of Oyemso Primary School**, an estimated \$42,000 project funded by Kwahuman Connecticut—has given the children of Oyemso a place to learn, grow, and dream.
- **The renovation of the Kwahu-Aduhima Community Health Center**, completed at a cost of \$25,000 by Kwahuman New York, has brought quality healthcare closer to those who need it most.
- **A newly constructed six-classroom block by Kwahuman Minnesota**, valued at \$45,000, now stands as a beacon of opportunity for children who previously studied in overcrowded or inadequate spaces.
- **The renovation of the Atuobikrom Health Center**, with an estimated cost of \$20,000 by Kwahuman Virginia, has improved access to essential healthcare services for countless families.

ADDRESS FROM THE NATIONAL PRESIDENT (CONT'D) OKWAHU UNITED OF NORTH AMERICA

These projects are not isolated acts of generosity; they are interconnected investments in the future of Kwahu. Each school built, each health center renovated, and each child supported is a living reminder that **when we sow seeds of change, we grow a brighter tomorrow.**

But the work is not finished. The needs are still great, and the opportunities to transform lives are still abundant. Let us continue to plant seeds; seeds of compassion, seeds of hope, and seeds of progress. And let us remember that the harvest we seek will not come overnight, but through patience, unity, and consistent effort, it will surely come.

As we look ahead, let this gathering serve as both a celebration and a challenge: **a celebration** of what we have accomplished together, and **a challenge** to do even more. The brighter tomorrow we envision for Kwahu will be built one project, one student, one community at a time.

Together, we have proven that change is possible. Together, we will continue to sow. And together, we will reap a harvest of prosperity, opportunity, and dignity for every citizen of Kwahu State.

Thank you, and may we all keep sowing the seeds of change for a brighter tomorrow.

Obrempong Frederick
Ansong-Dwamena

HOST STATE WELCOME ADDRESS AND PURPOSE OF GATHERING

Asase Aban-To say I'm merely happy to have you all here today would be an understatement. I am absolutely elated to welcome each and every one of you to the great Lone Star State!

Exactly a year ago in Atlanta, it became a reality that Texas would be the proud host of our 38th Congress. It was both exciting and daunting. We understood the immense responsibility that comes with hosting our united family, and yes, we were sincerely nervous. But we didn't let fear linger. Instead, we embraced the challenge with poise, purpose, and a deep commitment to making this Congress one of the most memorable yet.

Countless hours have been invested. People have poured their time, energy, and resources into bringing us to this moment. I am deeply grateful to all the committees and volunteers whose dedication made this possible. Your efforts are the heartbeat of this gathering.

Why Are We Here?

We're here for many reasons. For some, it's a cherished family vacation. For others, it's the joy of reunion. And for many, it's the fun, laughter, and connection that come with it. Whatever your reason, we've worked hard to ensure there's something here for everyone. Our goal is simple: that each of us leaves happier than we arrived.

But beyond the joy and celebration, we must also look outward. Let's remember the extended families we've left back home. Let's commit to making someone's life journey better by extending a helping hand, by giving back.

Winston Churchill once said, "We make a living by what we get, but we make a life by what we give." I love this quote because it reminds us that while material success sustains us, it's our acts of generosity and service that truly define a meaningful life.

With that spirit, we, Kwahuman Union of Dallas and Houston proudly welcome you to the State of Texas, where everything is BIG. Enjoy your stay. Let us know how we can make you feel BIG. We're truly glad to have you here.

God bless our Union.
God bless each of you.

- Closing Prayer

Kwahuman Global Network Wall of Fame Criteria

The Kwahuman Global Network Wall of Fame at the Kwahu Traditional Council honors distinguished members whose dedication, leadership, and contributions have significantly shaped and strengthened the Kwahuman community worldwide. Induction into the Wall of Fame is the highest recognition of service within the Kwahuman Global Network.

1. Nomination Process

- Local Associations are to submit formal nominations to the National Secretariat by July Ending of the Year of Congress indicating the reasons for the nomination in a half page citation.
- Nominations will be reviewed and presented during the Annual Congress.

2. Eligibility Criteria

- Nominees must have at least 25 years of continuous, active membership within the association.
- Nominees must have made immense contributions that demonstrate a lasting and measurable impact on the Kwahuman community worldwide.
- Exception:
- Individuals who have sponsored a special project that benefits the association's development agenda may be considered for induction even if they have not met the 25-year membership requirement.

3. Selection Process

- A Panel of Eminent Leaders selected by the Global Network will assess all nominations.
- The Panel will select four (4) outstanding individuals from North America and two from Kwahuman Europe, for induction.

4. Induction and Recognition

- Inductions will take place biennially (every 2 years) during the Global Network Easter Homecoming Celebrations in Ghana.
- Honorees will be permanently recognized on the Wall of Fame as part of Kwahuman's living legacy and heritage.

SPECIAL APPRECIATION TO *OPANIN KWAME WADIE*

We extend our heartfelt appreciation to Opanin Kwame Wadie, the distinguished owner of **Freedom Hill Hotel** in Kwahu Nkwatia, for his outstanding generosity and unwavering support of the **Adopt-A-Student Program**. Through this noble initiative under his name, many students have been given the opportunity to pursue education, opening doors that would have otherwise remained closed.

Opanin Wadie's commitment to philanthropy goes beyond financial support. His vision reflects a deep belief in the transformative power of education and the importance of investing in the future of young people. By offering opportunities to students who face financial and social barriers, he has not only changed the trajectory of their lives but has also contributed to the development of the entire Kwahu State.

His selfless acts of kindness have saved and uplifted countless lives. Many young men and women who are beneficiaries of his generosity are now on the path toward brighter futures, carrying with them the seeds of hope and success that he has sown. The ripple effects of his contributions will continue to inspire future generations, ensuring that his legacy of compassion and empowerment lives on.

We recognize and celebrate Opanin Wadie not only as a successful entrepreneur but also as a beacon of hope, a philanthropist, and a true role model whose impact will be remembered for years to come.

National Presidents Project Report (Year 2025)

The Transformative Impact of the Adopt-A-Village Program

The **Adopt-A-Village Program** has become a cornerstone of Okwahu United's mission; bringing life-changing improvements in education, healthcare, and community development across Kwahu State. The vision is simple yet powerful: to invest in our communities today so that the children, families, and future generations of Kwahu can thrive tomorrow.

Education: Building Foundations for a Brighter Future

1. **Oyemso Primary School Block** – Constructed to serve over **180 students** within the Oyemso area, this project ensures children have a conducive learning environment to excel academically. Many thanks to Kwahuman Association of Connecticut.

2. **Hwehwe ICT Center** – Built by **Kwahuman Massachusetts**, this facility has transformed the learning experience for students. Academic performance has skyrocketed, with reports of **100% pass rates**.
3. **Kwahu Praso Model School & ICT Center** – This facility benefits students from both **Kwahu Praso** and the Ashanti side of the River Pra, improving their grades and opening doors to future opportunities.

4. **Okraagyei School Block** – Funded by **Kwahuman Minnesota**, this new block will benefit over **200 students** from five neighboring communities, fostering academic excellence for years to come.

Healthcare: Expanding Access, Saving Lives

5. **Abepotia Community Health Center Renovation** – This upgrade has eased pressure on Nkawkaw Roman Hospital, allowing nearby communities like **Akoasi, Pamkese**, and others to receive better medical care closer to home.
6. **Kwahu-Aduhima Health Center Facelift** – Sponsored by **Kwahuman New York**, this project benefits over **300 patients monthly**, including expectant mothers receiving both natal and pre-natal care.

Old

New

2024/03/20 10:44

antwidav@gmail.com

 **TECNO SPARK 10 Pro**

7. **Kwahu Nkyenekye Clinic Renovation & Equipment Donation** – The **Kwahuman Global Network** invested **\$15,000** in renovations and **\$17,000** in medical beds and supplies, impacting over **12 communities** between Ekye Amanfrom and Kwahu Tafo.

8. **Medical Equipment Donation** – Special thanks to **Michael Owusu** from **Kwahuman Association of Washington Metro**, who supplied equipment to **17 hospitals** in Kwahu—facilities that previously lacked essential beds and medical materials.
9. **KIVA Health Support Initiative** – The **Kwahuman Interstate Virtual Association (KIVA)** donated **50 blood pressure machines** to 25 clinics, empowering them to detect and manage one of the most silent killers—hypertension.

A Landmark Achievement in Healthcare

10. **Obo-Kwahu Ultramodern Surgical Center** – The crowning jewel of the program, funded entirely by **Nana Ofosua Adwuawoma**, the Kwahuman Global Queen Mother. At a personal cost of over **\$120,000**, this state-of-the-art facility has elevated Obo-Kwahu's clinic to **polyclinic status**, serving over **32 communities** with advanced surgical care. This extraordinary act of generosity stands as a beacon of what love for community can achieve.

Adopt-A-Student Program: Investing in Human Capital

Under the **Adopt-A-Village** initiative lies another transformative effort; **Adopt-A-Student**. In its first year alone, **66 students** from primary to secondary levels have been sponsored, many rescued from life on the streets and returned to the classroom. Their academic performance has been outstanding, positioning them as future engineers, doctors, nurses, and teachers of Kwahu.

A Call to Action

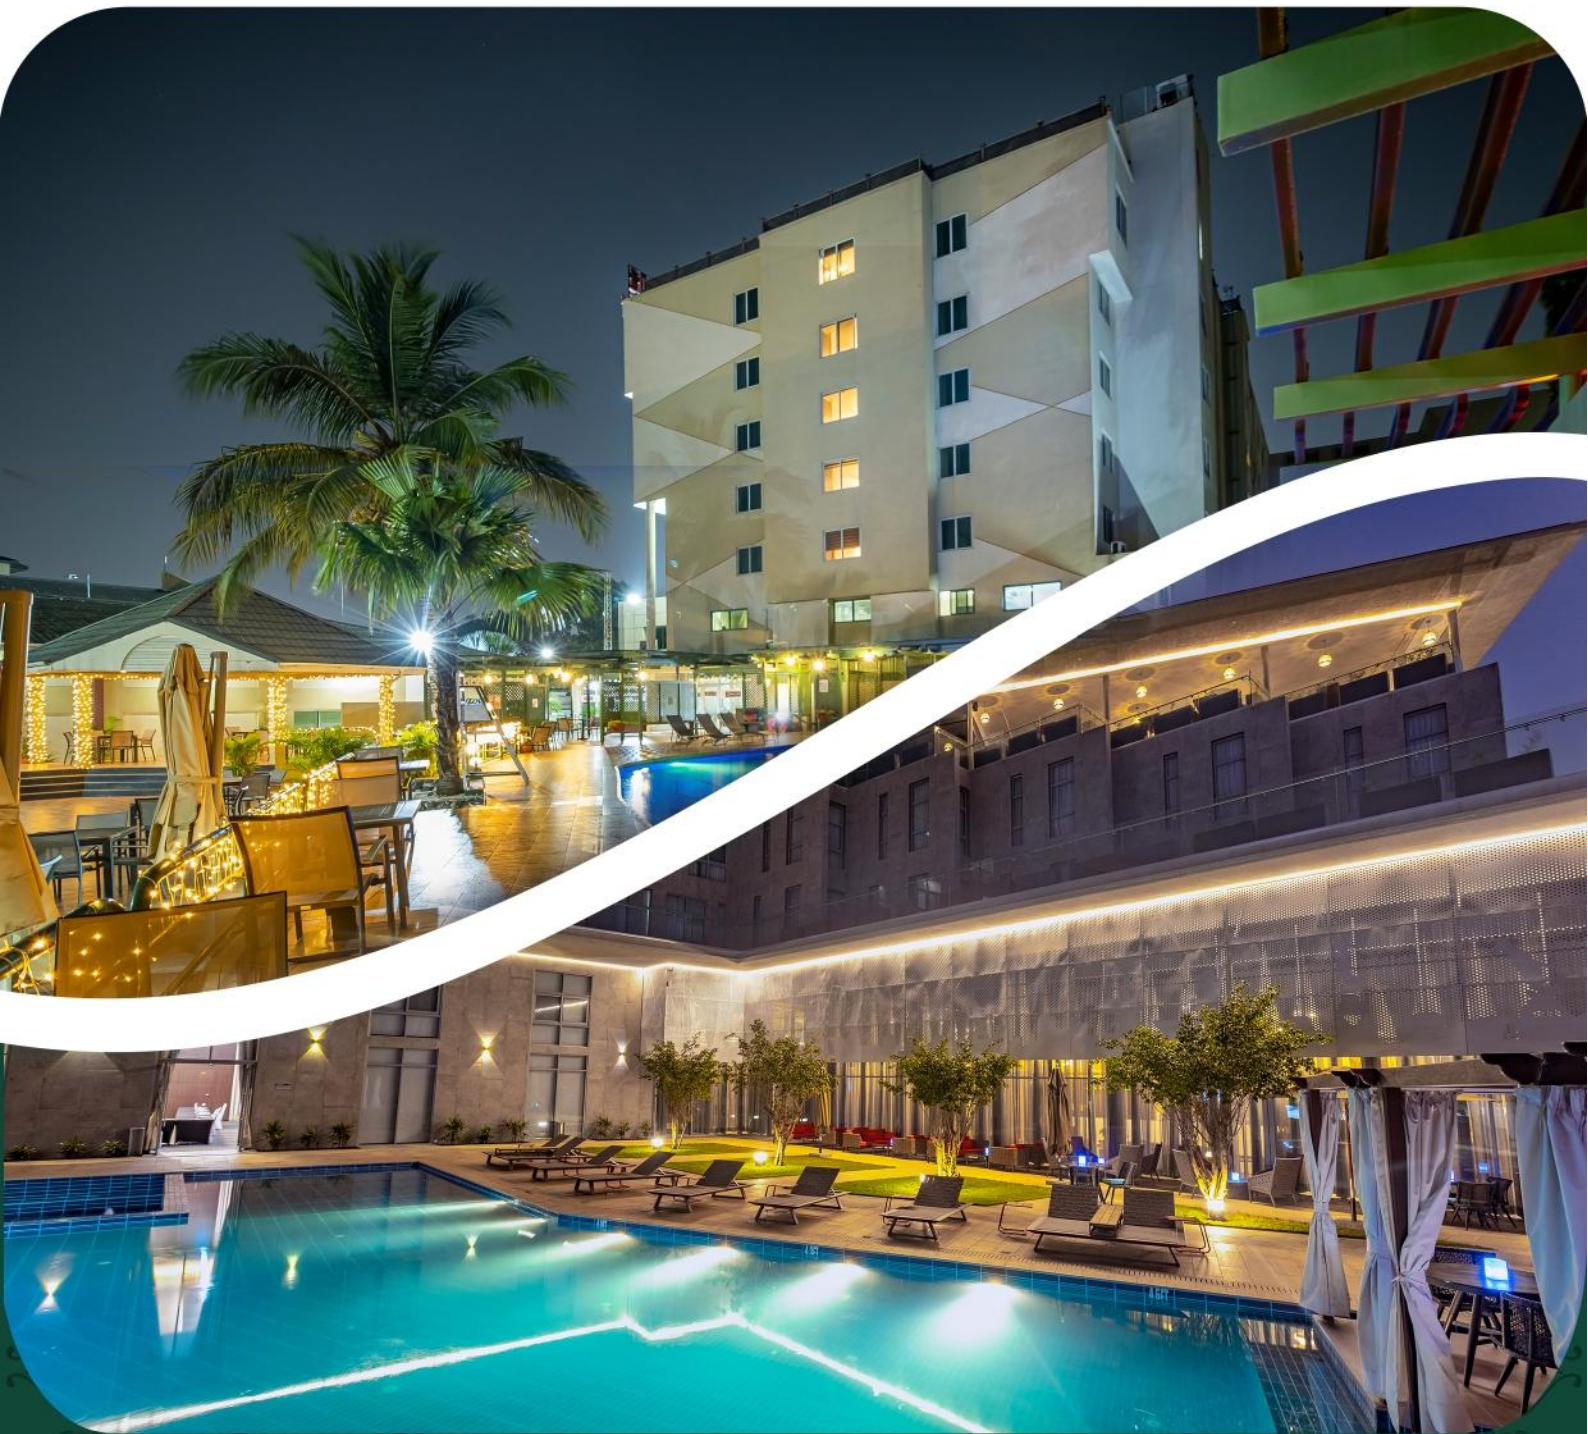

As National President of this noble organization, I extend my deepest gratitude to all our associations and sponsors in **North America and Europe** who have sown seeds of hope in Kwahu. Your love, sacrifice, and vision are not only transforming lives today but securing a **brighter tomorrow** for our people.

To those associations yet to begin projects under the Adopt-A-Village Program, I urge you to draw inspiration from your compatriots. Together, we can ensure that every community in Kwahu feels the impact of our united efforts.

We sow the seeds today; not for ourselves, but for generations yet unborn.
